DISCLAIMER

Please be sure a prescription drug benefit is part of your specific coverage before consulting this list. If you do not know which list is correct, please contact Presbyterian Health Plan. Your benefit design determines what is covered for you and what your copayment will be. Please refer to your benefit materials for your specific coverage information. The medications listed on this Formulary/Preferred Drug List (PDL) are subject to change pursuant to the Formulary/PDL management activities of Presbyterian Health Plan. This list is not all-inclusive nor does it imply a guarantee of coverage. In addition, coverage for some drugs listed may be limited to specific dosage forms and/or strengths. Substitution of a generic product for a brand-name drug is mandatory when a generic equivalent is available. If a member requests the brand-name drug in this situation, a pharmacy exception may be required and the member must pay the difference in cost between the generic and branded versions. Non-formulary medications are not

pharmacy claims or data system, and these specific drugs must be taken during a given time frame. After the specific drugs have been taken within the given time frame, online coverage of the newly-prescribed drug occurs at the pharmacy. Step Edits make it easier to access drugs that would normally require a Pharmacy Exception.
